# 01. Introduction

ATKey.Login is a solution that can enhance Windows login authentication by using ATKey. Simply following the setup instruction on the companion tool, you are ready to start your passwordless PC login journey!

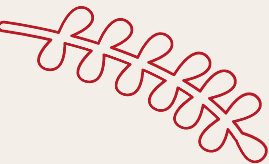

# 02. Get Started in Four Steps

Step 1

## Signup and Register ATKey

Signup by Email, then register ATKey to access your account

Step 2

## Get and Activate License

### For Business

- Get the license from your IT admin and activate it on web console.

### For Individual

- Buy the license directly on web console and activate it right away.

Step 3

## Install and Companion

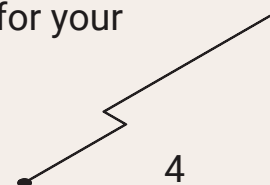

Download, install and follow the instruction on the companion tool

Step 4

## Go Passwordless!

That's it! Go Passwordless for your Windows Device

# Step 1: Sign up and Register ATKey

Enter ATKey.Login web console (<https://atkeylogin.authentrend.com/>).

## Click "Sign up"

Welcome to ATKey.Login

Login with your ATKey to access your account.

 Login with your ATKey

What is Friendly Name?

Continue

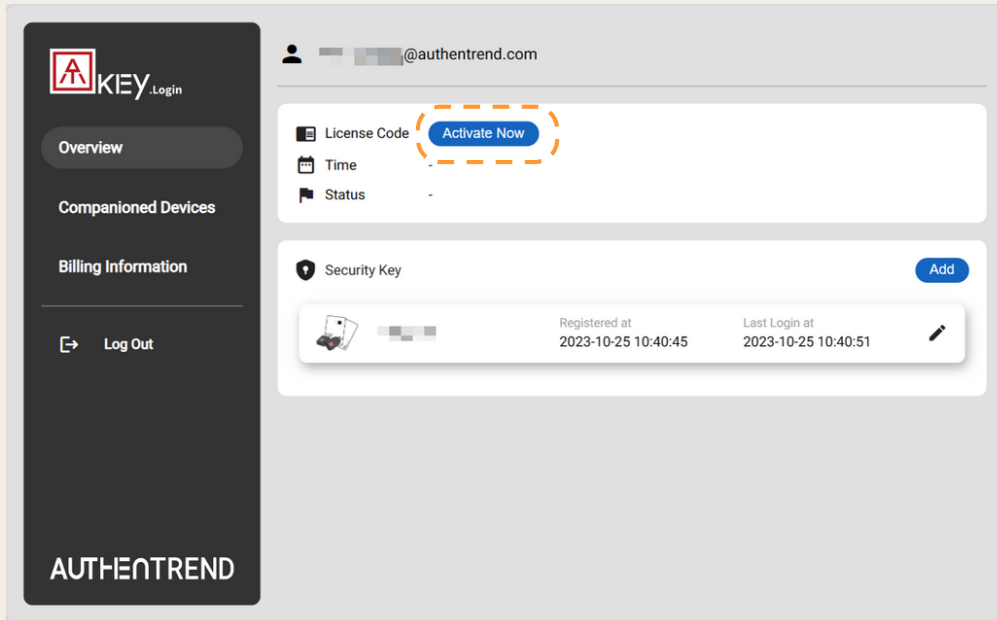

You can input the serial number on the ATKey as a friendly name.

# Step 2: Get and Activate License (For Business)

**For Business:** Get the license from your IT admin and activate on the web console.

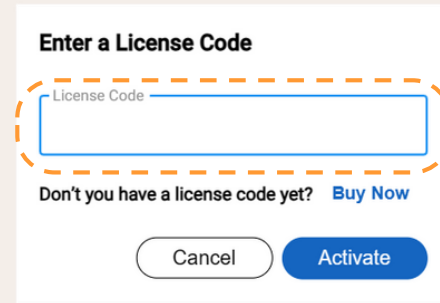

Click “Activate Now”

The screenshot shows the Authentrend web console interface. On the left is a dark sidebar with the 'KEY Login' logo and navigation options: Overview, Companioned Devices, Billing Information, and Log Out. The main content area shows the user's profile (@authentrend.com) and a 'License Code' section. The 'License Code' section has a blue 'Activate Now' button highlighted with a dashed orange border. Below it is a 'Security Key' section with an 'Add' button and a table of registered keys.

| Security Key   | Registered at       | Last Login at       |
|--|---------------------|---------------------|
|  [Redacted] | 2023-10-25 10:40:45 | 2023-10-25 10:40:51 |

Input license and click “Activate”

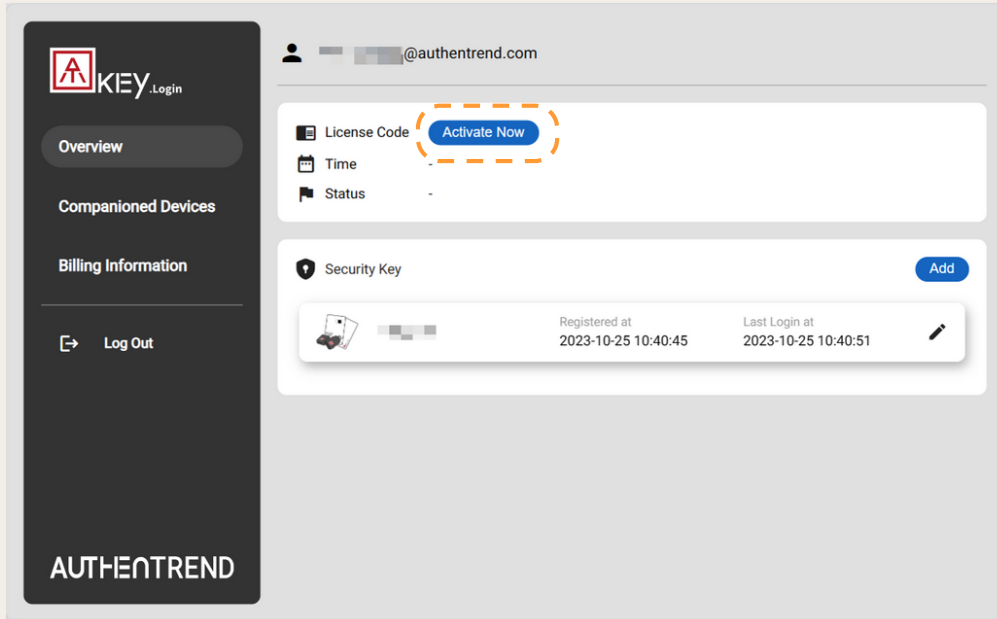

The dialog box is titled 'Enter a License Code'. It features a text input field for the license code, which is highlighted with a dashed orange border. Below the input field, there is a prompt: 'Don't you have a license code yet? Buy Now'. At the bottom, there are two buttons: 'Cancel' and 'Activate'.

# Step 2: Get and Activate License (For Individual)

**For Individual:** You can purchase license directly on web console and enjoy first 7 days for free!

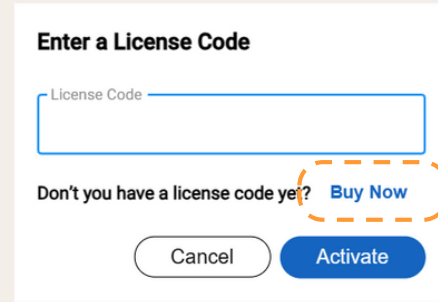

Click “Activate Now”

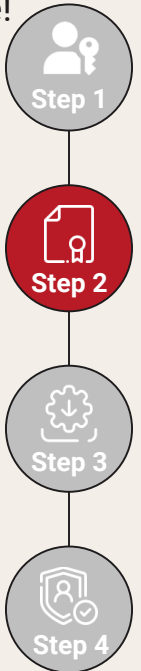

The screenshot shows the Authentrend web console interface. On the left is a dark sidebar with the 'KEY.Login' logo and navigation options: Overview, Companioned Devices, Billing Information, and Log Out. The main content area shows the user profile for '@authentrend.com'. Under the 'License Code' section, there is a blue 'Activate Now' button highlighted with a dashed orange circle. Below this, there is a 'Security Key' section with an 'Add' button and a table of registered keys.

| Security Key   | Registered at       | Last Login at       |
|--|---------------------|---------------------|
|  [Redacted] | 2023-10-25 10:40:45 | 2023-10-25 10:40:51 |

Click “Buy Now”

The screenshot shows a dialog box titled 'Enter a License Code'. It contains a text input field for the license code. Below the input field, there is a question 'Don't you have a license code yet?' followed by a blue 'Buy Now' button highlighted with a dashed orange circle. At the bottom of the dialog, there are two buttons: 'Cancel' and 'Activate'.

# Step 2: Get and Activate License (For Individual)

**For Individual:** You can purchase license directly on web console and enjoy first 7 days for free!
